RESOLUTION ~~ORDINANCE~~ NO. 95-73

URGING THE FEDERAL GOVERNMENT THROUGH THE OFFICE OF MANAGEMENT AND BUDGET TO CONTINUE FUNDING OF THE FEDERALLY ASSISTED CODE ENFORCEMENT (FACE) PROGRAM.

WHEREAS, Recent newspaper articles have carried the announcement of the federal Office of Management and Budget that support and funding for the FACE Program has been withdrawn, and

WHEREAS, The FACE Program has generally been considered the best and least expensive of all federal housing programs, and

WHEREAS, President Nixon has stated that his administration shall favor programs over the next four years which discourage high administrative costs and incourage citizen responsibility and self help, and

WHEREAS, The FACE Program has restored pride amongst neighborhoods which were previously falling into decay and thus provided decent housing for low and middle income families, and

WHEREAS, The average cost per restored unit amounts to approximately $700 after re-payment of loan in comparison to $18,000 - $35,000 per unit for construction of new housing, and

WHEREAS, Since housing in the low to middle income level is at such a critical shortage that failure to restore present units would necessitate the construction of new housing therefore costing unnecessarily large cash outlays to meet the crisis, and

WHEREAS, This high cash outlay would be inflationary and contrary to the desires of the Administration and the Congress to stop inflation, and

WHEREAS, Certain residents in San Francisco's Code enforcement areas have been working with the FACE Program over the past three and one-half years and have relied upon the federal government to produce loans to satisfy contract obligations drawn up in good faith for the restoration of their houses, and

WHEREAS, $70 million appropriated by the Congress for this purpose has not been released by the Office of Management and Budget, and

WHEREAS, Undue hardship will be caused in the absence of impounded FACE funds to home owners in Code Enforcement areas who have already invested thousands of dollars to bring their houses up to code, under the assumption that their neighbors would also have to comply with building codes, and

WHEREAS, The City and County of San Francisco through its City Planning Department has anticipated the continuation of the FACE Program in its Urban Design Plan which was approved and adopted by the Board of Supervisors and Mayor Joseph L. Alioto, and

WHEREAS, San Franciscans are proud of their heritage and wish to preserve it through restoration of certain neighborhoods and will not tolerate their destruction, now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby urge President Richard M. Nixon to direct Mr. Casper Weinberger to immediately release the $70 million already appropriated by the Congress and that the Office of Management and Budget be further directed to recind its unfortunate Statement of Policy to withhold and discontinue funding of the FACE Program and, be it

FURTHER RESOLVED, That the Office of Management and Budget be urged to re-establish priorities to give important status to the FACE Program which allows for continuity in our changing society at minimum bureaucratic expenditure to the Federal Government and, be it

FURTHER RESOLVED, That copies of this resolution be forwarded to his honor, The Mayor, requesting that they be forwarded to members of the San Francisco delegation to Congress and our legislative representatives along with all other interested parties urging their cooperation to insure that the President and his Office of Management and Budget Cooperate with the requests outlined herein.

DECLARING STRONG OPPOSITION TO RECOMMENDATIONS OF METROPOLITAN TRANSPORTATION COMMISSION SCREENING COMMITTEE FOR ALLOCATION OF SAN FRANCISCO'S PORTION OF GASOLINE TAX REVENUES.

WHEREAS, San Francisco has generated $5.2 million in revenue from the new sales tax on gasoline, which funds are to be allocated among the Metropolitan Transportation Commission, the Golden Gate Bridge, Highway and Transportation District, the Bay Area Rapid Transit District, A.C. Transit and the San Francisco Municipal Railway for the fiscal year 1972-'73; and

WHEREAS, A screening committee of the Metropolitan Transportation Commission has determined that of the $5.2 million, the San Francisco Municipal Railway should receive only $4,091,000 and the Bay Area Rapid Transit District should receive $752,000 for operational costs; and

WHEREAS, This determination totally ignores the fact that the Bay Area Rapid Transit system is not and will not be operating in San Francisco during the fiscal year 1972-'73 and that the Municipal Railway, while operating solely in San Francisco, thereby limiting it to the receipt of funds only out of San Francisco's portion of revenues, serves persons throughout the Bay Area who visit and work in San Francisco, its urban center; and

WHEREAS, The screening committee further determined that San Francisco during the next three years must provide $4.5 million out of its gasoline tax revenues for the purchase of cars for the Bay Area Rapid Transit system, of which the first year's payment is to be deferred to the fiscal year 1973-'74, thereby immediately reducing revenues that could be utilized for the Municipal Railway by $3 million; and

BOARD OF SUPERVISORS

WHEREAS, To date there is no demonstrated need for these additional BART cars; and

WHEREAS, The Bay Area Rapid Transit District already is receiving substantial funds, including revenues from the ½ of 1% general sales tax already imposed in San Francisco, Alameda and Contra Costa counties, in severe contrast to the San Francisco Municipal Railway's pressing needs for funds; and

WHEREAS, The determinations of the screening committee will soon be reviewed and voted upon by the Metropolitan Transportation Commission; now, therefore, be it

RESOLVED, That this Board of Supervisors do hereby declare its strong opposition to the recommendations of the Metropolitan Transportation Commission screening committee for the allocation of San Francisco's portion of gasoline tax revenues; and, be it

FURTHER RESOLVED, That this Board do hereby object to the use of San Francisco's portion of these revenues for funding the Bay Area Rapid Transit District's operations during the fiscal year 1972-'73 and for funding the purchase of additional BARTD cars until the Bay Area Rapid Transit District and the Metropolitan Transportation Commission have shown that there is a demonstrated need for these cars; and, be it

FURTHER RESOLVED, That this Board do hereby call upon its representatives on the Metropolitan Transportation Commission to strongly urge the Commission (1) to reject the recommendation of the screening committee and to provide the San Francisco Municipal Railway with every dollar to which it is entitled and (2) to give San Francisco time to appear before the Metropolitan Transportation Commission to enumerate the details and circumstances under which this Board of Supervisors disagrees with the screening committee's recommendations; and, be it

BOARD OF SUPERVISORS

FURTHER RESOLVED, That this Board of Supervisors do hereby request the Mayor to join in urging the rejection of the screening committee's recommendations and to do everything within his powers to ensure the Municipal Railway's receipt of its fair share of San Francisco's portion of gasoline tax revenues; and, be it

FURTHER RESOLVED, That should the Metropolitan Transportation Commission concur with the determination of the screening committee, this Board of Supervisors would strongly endorse an appeal from the decision of the Metropolitan Transportation Commission to the Secretary, State Business and Transportation Agency.

AUTHORIZING AMENDING THE JOINT EXERCISE OF POWERS AGREEMENT WITH THE SAN FRANCISCO BAY AREA RAPID TRANSIT DISTRICT AND THE SAN FRANCISCO REDEVELOPMENT AGENCY TO SET ASIDE FUNDS FOR THE PROPOSED TRANSIT CONSTRUCTION WEST OF TWIN PEAKS

WHEREAS, on March 1, 1971, the Board of Supervisors of the City and County of San Francisco adopted Resolution No. 109-71, authorizing the Mayor of San Francisco to draw up an agreement based upon the policy for modifying transit construction in the West Portal area; and

WHEREAS, the Mayor of San Francisco has prepared such agreement; and

WHEREAS, the Board of Supervisors of the City and County of San Francisco adopted Resolution 196-71, authorizing the Mayor of San Francisco and the Clerk of the Board to execute and sign on behalf of the City and County of San Francisco a Joint Exercise of Powers Agreement with the San Francisco Bay Area Rapid Transit District and the San Francisco Redevelopment Agency, and

WHEREAS, such agreement has been duly executed and signed, and

WHEREAS, the design of the Embarcadero Rapid Transit Station is now complete and ready for advertising to bidders; and

WHEREAS, construction to complete the station at this time would be less costly than if done at some later time, it would be prudent to modify the language in certain portions of this agreement so as to set aside funds for the proposed transit construction west of Twin Peaks and to permit the advertising and awarding of the contract for the completion of the Embarcadero Rapid Transit Station; now therefore,

BE IT RESOLVED by the People of the City and County of San Francisco:

Section 1. The City and County of San Francisco, acting by and through the Mayor and the Clerk of the Board of Supervisors, is hereby authorized to execute the First Amendment to the Joint Exercise of Powers Agreement of April 12, 1971, between the City and County of San Francisco and the San Francisco Bay Area Rapid Transit District, and the San Francisco Redevelopment Agency, for the purpose and objective of modifying the language in certain portions of this agreement in accordance with the terms and conditions of the First Amendment to the Joint Exercise of Powers Agreement of April 12, 1971, a copy of which First Amendment is on file with the Clerk of the Board of Supervisors.

REQUESTING MAYOR TO CONSIDER FAVORABLY REQUEST FOR 21 EMPLOYMENTS FOR THE FOOD STAMP PROGRAM; URGING EQUALIZATION IN COST PER TRANSACTION FOR FOOD STAMP OUTLETS; AND REQUESTING SOCIAL SERVICES COMMISSION TO CONDUCT HEARINGS TOWARD IMPROVEMENT OF FOOD STAMP PROGRAM ADMINISTRATION.

WHEREAS, The Food Stamp Program as operated in San Francisco has been the subject of two full hearings before the Social Services Committee with considerable testimony presented from the public and professionals involved with this vital Program; and

WHEREAS, Approximately 95,000 people are currently receiving Food Stamps in the City and County of San Francisco through eight locations, each of which is varied in its days of operation and none of which sell Food Stamps after the 25th of the month; and

WHEREAS, The following major problem areas have been revealed through these hearings:

(1) Current eligibility worker caseloads have reached the levels of 600 recipients to one worker, in spite of State recommendations of 250 to 1;

(2) Lack of uniform hours of convenient operation of Food Stamp outlets, the fact that they are not open from the 25th to the end of each month; and the fact that but eight outlets currently exist, have presented severe restrictions on the proper servicing of duly authorized recipients;

(3) Some outlet contractors receive 80¢ per transaction while others receive 90¢;

(4) The September 1, 1971, U.S. Department of Agriculture Office of the Inspector General, Western Region Audit Report indicates that San Francisco is losing bonus coupons of $70,000 a month on the basis of ineligible cases and cases with questionable eligibility;

(5) Several administrative problems arose, such as:

a. Inadequate recertification of recipients;

b. Notices of adverse action not being properly handled;

c. Inadequate "fair hearing" process;

d. Lack of an outreach program, which is mandated by Federal law;

e. Inability to insure that all those receiving food stamps are in fact eligible to get them;

(6) The Federal matching funds of 62½% of salaries (in the total approximate sum of $150,000) of those now employed in the Food Stamp Program are currently being withheld, and all such salary costs are now being paid by San Francisco; now, therefore, be it

RESOLVED, That this Board of Supervisors does request the Mayor to give favorable consideration to the supplemental budget request for $124,000 for 21 employments in the Food Stamp Program, with the understanding that $86,000 of this amount would be paid by Federal funds, and hereby indicates this Board's support of any such appropriation; and, be it

FURTHER RESOLVED, That this Board of Supervisors does urge appropriate agencies to equalize the cost per transaction at 90¢ for all Food Stamp contractors; and, be it

FURTHER RESOLVED, That the Board of Supervisors hereby requests that the Social Services Commission give consideration to conducting any and all public hearings which are necessary or appropriate to effect administrative improvements in all areas of the Food Stamp Program, including but not limited to those mentioned above.

FILE NO. 285-73-1 MAR 2 1973 RESOLUTION NO. 57-73

PETITIONING STATE AND FEDERAL AUTHORITIES TO UNDERTAKE IMMEDIATELY THE PROJECT FOR RECONSTRUCTION OF THE DOYLE DRIVE APPROACH TO THE GOLDEN GATE BRIDGE.

WHEREAS, Doyle Drive, an integral component of the San Francisco approaches to the Golden Gate Bridge, has been the scene and the cause of hundreds of fatal and near-fatal accidents during the past decade, resulting in the compilation of deplorable statistics which include a ten-death accident in July, 1970, nineteen head-on collisions since 1966, 409 accidents within the past five years and, most recently, a collision earlier this month in which two persons were killed and another seriously injured; and

WHEREAS, The death trap represented by Doyle Drive, a six-lane, undivided approach, with virtual certainty will add to its horrible record of death and injury unless immediate and effective action is taken to widen and separate it; and

WHEREAS, The Doyle Drive approach to the Golden Gate Bridge, as a part of the State freeway system, falls within the jurisdiction of the State Division of Highways for purposes of necessary and desirable improvements; and

WHEREAS, Some 50 million vehicles are now required to use these unsafe facilities each year, nearly 16 million of which are San Francisco residents traveling within San Francisco and some 35 million of which carry passengers en route to the Golden Gate Bridge, the only artery between San Francisco and the counties to the north; and

WHEREAS, For more than a decade last past the Traffic Engineers of the City and County of San Francisco have urgently recommended that the State Division of Highways proceed to implement plans for the widening and separation of the Doyle Drive approach to the Golden Gate Bridge, and such importunities have been supplemented by resolutions

of this Board of Supervisors adopted in 1959, 1962, 1963 and 1969, together with exhortations from the Golden Gate Bridge, Highway and Transportation District and the Redwood Empire Association; and

WHEREAS, The National Transportation Safety Board has strongly recommended that the Doyle Drive Approach be improved to freeway standards of 12-foot lanes, median barrier, and acceleration and deceleration lanes; and

WHEREAS, Although the Federal Government more than ten years ago granted additional rights-of-way in the Presidio for the project of widening Doyle Drive, and designated it as part of the Federal Highway 480 system, thus constituting it eligible for major Federal funding, neither the State nor the Federal governments has agreed to undertake the widening-separation project and, therefore, the monstrous record of carnage continues; and

WHEREAS, Although the California Division of Highways and the California Department of Public Works have manifested some intent to reconstruct Doyle Drive several years hence, in the name of humanity alone, aside from improvement of vehicular transit facilities, the State in all good conscience must accelerate its plans and undertake the reconstruction project at once in order to avoid additional disastrous consequences; and

WHEREAS, Improvements to the Doyle Drive Approach to the Golden Gate Bridge would not be for the purpose of adding additional vehicular capacity, but rather for the dire need of increasing safety on this stretch of the State Highway System; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby urgently petition the State Division of Highways, the State Department of Public Works, and the California Highway Commission to approve and undertake without further delay the project for widening and separating the Doyle Drive Approach to the Golden Gate Bridge; and, be it

FURTHER RESOLVED, That copies of this resolution be transmitted at once to Governor Reagan, each member of the San Francisco delegation in the State Legislature, the California Highway Commission, the California Department of Public Works, the California Division of Highways, the Secretary of the Interior, the Federal Highway Administration, the San Francisco delegation in the Congress of the United States, the Federal Legislative Representative, the State Legislative Advocate, the Chief Administrative Officer, the Director of Public Works, the Golden Gate Bridge, Highway and Transportation District and the Redwood Empire Association, with the emphatic request that all possible implementation of the Doyle Drive reconstruction project herein endorsed be undertaken immediately.

URGING FULL COMMUNITY SUPPORT FOR EDUCATIONAL AND EMPLOYMENT PROGRAMS TO ASSIST VIETNAM-ERA VETERANS; AND REQUESTING MAYOR TO APPOINT CITIZENS' ADVISORY COMMITTEE ON VIETNAM-ERA VETERANS.

WHEREAS, With the cessation of hostilities in the Vietnam War and consequent troop de-escalation, there has been created critical need for assistance to Vietnam-era veterans with respect to educational and training programs available to them and, perhaps of surpassing importance, an urgent need for utilization of every avenue looking to their meaningful employment; and

WHEREAS, While the Veterans Educational Incentive Program of the San Francisco Community College District, together with other organizations dedicated to the welfare of Vietnam-era veterans, is pursuing its primary objective of encouraging unemployed veterans residing in Office of Economic Opportunity poverty areas to further their education and obtain fulfilling employment, nevertheless it is essential that the entire community join in a concerted effort which will assure today's veterans of adequate financial assistance, jobs and emotional and social adjustment; and

WHEREAS, Although the scope of the problem inherent in veterans' adjustment is much greater than bare statistics will reveal, it is worthy of note and a compelling reminder of social obligation that in the City and County of San Francisco alone, there are nearly four thousand unemployed and underemployed veterans registered with the State Department of Human Resources Development who, among many others, need desperately the community's help; now, therefore, be it

RESOLVED, That this Board of Supervisors do hereby urge the Civil Service Commission and all department heads to extend every opportunity for meaningful employment to Vietnam-era veterans, within applicable Civil Service guidelines, and do hereby urge said Commission

to structure its recruitment and procurement techniques in such a way, consonant with Charter mandated procedures, as will extend to said veterans the strongest possible helping hand in, first, obtaining employment of an exempt-Civil Service nature if and when available, and, second, enabling the veterans to qualify for permanent employment from duly certified lists of Civil Service eligibles; and, be it

FURTHER RESOLVED, That his Honor, the Mayor, be and he is hereby respectfully requested to appoint a Citizens' Advisory Committee on Vietnam-Era Veterans, whose objective shall be to initiate and participate in programs which will focus public attention on the many critical problems of Vietnam-era veterans in San Francisco, assure greater dissemination of information concerning opportunities and services available to the veterans, and assist in the establishment and maintenance of full cooperation between the City and County and other agencies and veterans' organizations.

OPPOSING THE TERMINATION OF IN-PATIENT STATE MENTAL HYGIENE HOSPITAL SERVICES TO THE MENTALLY-ILL AND RETARDED UNTIL THE STATE CAN INSURE FULLY ADEQUATE PHYSICAL AND FUNDING PROVISIONS FOR ANY SUBSTANTIAL REVISIONS OF POLICY GOVERNING THE CARE AND TREATMENT OF THE MENTALLY-ILL AND MENTALLY-RETARDED.

WHEREAS, Tentative plans disclosed by the State administration contemplate drastic and potentially catastrophic changes in programs and facilities for care and treatment of the mentally-ill and mentally-retarded; and

WHEREAS, The Governor's proposed budget advocates, among other major changes, the consolidation of mentally-retarded populations at Agnews State Hospital and Stockton State Hospital, and the consequent probable abandonment of one of those facilities during the forthcoming fiscal year; and

WHEREAS, The administration's time-table reportedly envisions a phasing-out of all of the State's eleven remaining hospitals for the mentally-ill and mentally-retarded, accompanied by a return of untold thousands of patients to their home communities for care at the local level; and

WHEREAS, In pursuance of the publicized State plan, three State hospitals for the mentally-ill have already been closed, - at De Witt, near Auburn, Mendocino, near Ukiah, and Modesto, with total deactivation of all institutions to be accomplished within ten years; and

WHEREAS, The hospital closure plan has occasioned widespread consternation among individuals and organizations who are not directly associated with government but who are unqualifiedly dedicated to the welfare of mental patients, and who are extremely fearful that State facilities may be abandoned without adequate substitution of suitable local treatment centers, that precipitate action will deprive the

patients of essential levels of care while greatly adding to the burdens of already overtaxed local communities, that the requisite new means of financing the best possible medical care 24-hours a day in local programs for great numbers of profoundly damaged, retarded persons cannot be found, and that many years of planning and preparation will be required to assure proper local facilities for the severely-retarded, if ever, and that consultation with Lanterman Act regional centers should be an integral part of such planning and preparation; and

WHEREAS, There are presently 550 mentally-disturbed and 538 mentally-retarded persons in State mental hospitals who are officially residents of San Francisco; and

WHEREAS, The families of these 1,088 mentally-ill and retarded persons are greatly concerned over the prospective closing of State mental hospitals and the resulting dislocation of patients, many of whom have resided at State mental hospitals for years;; and

WHEREAS, No outline of plans for the future disposition of mental patients now in State hospitals has ever been revealed to San Francisco health officials or to families of patients; and

WHEREAS, The Senate Subcommittee on Nutrition and Human Needs, and the Assembly Ways and Means Committee, among other official agencies of the State government, currently are considering the Governor's proposed program of care for the mentally-ill and mentally-retarded, and it is incumbent upon the State Legislature to review all aspects and ramifications of the entire phasing-out proposal to the end that any substantial change which is approved will inure to the benefit of the patients and will avoid imposition of ruinous burdens on local communities; now, therefore, be it

BOARD OF SUPERVISORS

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby express its strong opposition to any further closing of direct State hospital services until it can be demonstrated that alternative care services as good as or better than the State hospitals are available in the cities and local communities, and does urge the Governor and the State Legislature to proceed with any plans for future care and treatment of the mentally-ill and mentally-retarded in such manner as will give full weight to the considerations hereinbefore set forth; and, be it

FURTHER RESOLVED, That copies of this resolution be forwarded immediately to his Honor, the Mayor, for transmittal to the State Legislative Advocate and presentation by the latter to Governor Ronald Reagan, Senator George R. Moscone, Chairman of the Senate Subcommittee on Nutrition and Human Needs, Assemblyman Willie L. OPPOSING PROPOSED NEW FEDERAL REGULATIONS CONCERNING SOCIAL SERVICE FUNDS IN CHILD CARE PROGRAMS AND MEMORIALIZING THE DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE TO DELAY IMPLEMENTATION OF FEDERAL REGULATIONS UNDER TITLE IV-A OF THE SOCIAL SECURITY ACT.

WHEREAS, The U.S. Department of Health, Education and Welfare has issued proposed new regulations pertaining to the provision of social services relating to the categorical aid public assistance programs through publication in the Federal Register on February 16, 1973; and

WHEREAS, The proposed new Federal regulations would drastically restrict the availability of Federal funds in connection with the provision of needed services to poor families and individuals; and

WHEREAS, The proposed regulations would prohibit the matching with Federal funds of donated private funds thus preventing the private sector from participating with government in the financing of the provision of necessary services; and

WHEREAS, The resulting reduction in available matching funds will curtail drastically the ability of agencies in the private sector to provide necessary services through purchase of service contracts since local government will be unable to replace such funds with funds from local taxes; and

WHEREAS, The proposed limitations on the definitions of those eligible to receive services (including the reduction from 2 years to 3 months following discontinuance of aid for the definition of "former recipient" and, for "potential recipient", the period during which there is a potential for becoming a cash grant recipient is reduced from 5 years to 6 months and residence in a target area is totally eliminated), will reduce drastically the number of needy persons and needy families who can benefit from the provision of services, resulting in many cases in such families needing to discontinue employment and seek public assistance for support; and

WHEREAS, The restricted definitions of mandatory and optional services will eliminate many types of needed services including certain rehabilitation services for adults, information and referral services, and protective services for children through provision of needed day care services where the necessity of such services results from the specific needs of the individual child rather than the needs of the parent to have day care for the child because of vocational training or employment; and

WHEREAS, These proposed changes will result in: the closing in San Francisco of 8 day care centers for children providing day care for 12 infants and 295 older children, either pre-school or mentally or physically handicapped; the elimination of an extension of the provision of Big Brother services; the elimination of evening and weekend information and referral services; and the elimination of contractual services for adult recipients through vocational rehabilitation, development of self sufficiency, and social rehabilitation of physically and emotionally handicapped persons, many becoming re-established in the community following discharge from state mental hospitals; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby express its strong opposition to the recent federal cut-backs in child care programs and does memorialize the Department of Health, Education, and Welfare to delay implementation of federal regulations under Title IV-A of the Social Security Act until such time as local, state, and federal agencies fully evaluate the effect of these new guidelines and restrictions on existing programs; and be it

FURTHER RESOLVED, That copies of this resolution be sent to President Richard M. PETITIONING CALIFORNIA HIGHWAY COMMISSION TO TAKE EMERGENCY ACTION IN IMPROVEMENT OF THE DOYLE DRIVE SECTION OF THE SAN FRANCISCO APPROACH TO THE GOLDEN GATE BRIDGE; MODIFYING THE SPEED LIMIT THEREON; AND PROPOSING STATE LEGISLATION TO IMPOSE REASONABLE RESTRICTIONS ON PRESENT UNRESTRICTED POWERS OVER PUBLIC SAFETY EXERCISED BY SAID COMMISSION.

WHEREAS, The difference between life and death every day for any one or more of 137,000 motorists lies in the collective hands of the California Highway Commission; and

WHEREAS, Those 137,000 motorists who are facing death each day are those who drive on that section of the San Francisco approach to the Golden Gate Bridge which is known as Doyle Drive, a mile and a half of substandard, narrow, undivided deadliness; and

WHEREAS, The ghastly results of failure to bring Doyle Drive up to acceptable standards of safety are reflected in its pitiful, tragic, disastrous toll within the past five years of seventeen deaths, over four hundred vehicular crashes, uncounted maimings, incalculable emotional damage and staggering financial losses; and

WHEREAS, The members of the California Highway Commission by law, and by their non-feasance, must assume full responsibility for the Doyle Drive tragedy, and if they are permitted to perpetuate their inhumane refusal to end the death trap, the ensuing continuation of the holocaust will be chargeable to them personally with all the political, civil and even criminal processes which an aroused public can exert in pursuance of its remedies; and

WHEREAS, In any event, immediate and totally effective action is demanded of the California Highway Commission to (1) install appropriate barriers and dividing devices in Doyle Drive to minimize

existing hazards, as a temporary, emergency expedient, (2) assign to Doyle Drive the highest priority for such widening of the existing lanes as is necessary to make them safe without increasing the number of such lanes, and (3) reduce the legal speed limit on Doyle Drive to 35 miles per hour; now, therefore, be it

RESOLVED, That the Governor of California, the California Highway Commission, the State Highway Department, the California Senate, and the California Assembly be and they are hereby urgently petitioned to take at once all action within their respective authority and discretion to assure the immediate installation of appropriate safety barriers and dividing devices in Doyle Drive, an increase in the width of existing lanes to make them safe without increasing the number of such lanes, and reduction of the speed limit to 35 miles per hour on the Doyle Drive section of the San Francisco approach to the Golden Gate Bridge; and, be it

FURTHER RESOLVED, That in order to prevent a recurrence of the situation involving an arbitrary, independent, non-appealable decision of an independent appointive Commission resulting in an incredibly calamitous harvest of death and destruction, the members of the San Francisco Delegation in the State Legislature be and they are hereby petitioned to initiate legislation which upon enactment will impose a reasonable and appropriate restriction of powers over public highway safety within the jurisdiction of the California Highway Commission and any other State agency similarly situated; and, be it

FURTHER RESOLVED, That additional copies of this resolution be transmitted through normal channels to the members of the Delegation so that such legislation may be introduced and considered for enactment without delay, in the interest of averting further loss of lives and destruction of property in connection with the use of Doyle Drive and any other portion of the State highway system.

RESOLUTION URGING THE BOARD OF DIRECTORS OF THE GOLDEN GATE BRIDGE, HIGHWAY AND TRANSPORTATION DISTRICT TO PROCEED WITH ALL SPEED TO ERECT A SUICIDE PREVENTION BARRIER ON THE GOLDEN GATE BRIDGE.

WHEREAS, 244 persons have ended their lives on the Golden Gate Bridge in the past ten years, and

WHEREAS, This amounts to nearly ten times the number of persons who have committed suicide on the Oakland Bay Bridge in the same time, and

WHEREAS, 849 other persons have attempted to take their lives on the Golden Gate Bridge in the past ten years, and

WHEREAS, Only six persons have lived through the dreadful ordeal all of whom have not before or since attempted suicide, and

WHEREAS, There is good reason to believe that there is a romance and aura about the Golden Gate Bridge which encourages persons with mental or emotional problems to "leap to glory" and end the pressures of the world, and

WHEREAS, The cost of erecting a barrier to discourage these troubled people from cutting short their lives is minimal in the face of the immeasurable cost of a human life, now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby urge the Board of Directors of the Golden Gate Bridge, Highway and Transportation District to erect with due haste a suicide prevention barrier for the protection of potential suicides.

URGING THE PRESIDENT TO LEND HIS GOOD OFFICES IN SUPPORT OF A $20,000,000 APPROPRIATION IN FUNDS FOR THE PURCHASE OF PRIVATE LAND IN THE GOLDEN GATE NATIONAL RECREATION AREA AND MEMORIALIZING CONGRESS TO APPROPRIATE SAID FUNDS IN THE BUDGET FOR THE FISCAL YEAR 1973-74; URGING THAT THE INSTALLMENT METHOD OF LAND ACQUISITION BE USED IN ADDITION TO LUMP-SUM PURCHASE PAYMENTS FOR SAID LAND; AND PETITIONING THE DEPARTMENT OF THE INTERIOR TO GIVE HIGH PRIORITY IN ITS LAND ACQUISITION PROGRAM TO PURCHASE OF PRIVATE PROPERTY IN THE CLIFF HOUSE AREA OF SAN FRANCISCO FOR THE GOLDEN GATE NATIONAL RECREATION AREA.

WHEREAS, The people of the City and County of San Francisco, the State of California and the Nation would best be served by a Golden Gate National Recreation Area quickly and economically established; and

WHEREAS, The total amount of money allocated in HR 16444 (the enabling legislation) for the purchase of private lands for the Golden Gate Nationsl Recreation Area is $61,610,000; and

WHEREAS, $5,900,000 of reprogrammed monies just made available is less than ten per cent (10%) of that amount; and

WHEREAS, Conservationists and landowners were assured during Senate and House hearings that the purchase of park lands would be completed in two to three years from the passage of such enabling legislation; and

WHEREAS, The increase in prices of private properties that occurred during the land acquisition for the Point Reyes National Seashore in Marin County was regrettable and should be avoided with respect to land acquisition for the Golden Gate National Recreation Area; and

WHEREAS, It appears that such sum of $5,900,000 is not contemplated for use for installment payment purchases, but rather only for lump-sum purchases of private property; and

WHEREAS, There is contained in the legislation that established the Golden Gate National Recreation Area a provision which would allow the purchase of parcels of land with down payments and installments over a period of up to ten (10) years; and

WHEREAS, This provision for installment buying would prudently allow maximum use of those funds now available for immediate land acquisition and yet such method of land acquisition is not contemplated at present; and

WHEREAS, The sum of $20,000,000 is desirable and appropriate as a current appropriation for the first-year purchase commitments of such private property on either an all-cash or installment basis for completion in three years of the total purchase of all parcels necessary for inclusion in the Golden Gate National Recreation Area; and

WHEREAS, Purchase of private property in the Cliff House area of the City and County of San Francisco will require a substantial amount of money and such private property is of utmost importance in the overall plan of purchasing private property, and private property in such area merits high priority in the land acquisition program; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco hereby urges the President to lend his good offices in support of a $20,000,000 appropriation in new funds for the purchase of private land in the Golden Gate National Recreation Area; and memorializes Congress to appropriate said funds in the budget for the fiscal year 1973-74; and, be it

FURTHER RESOLVED, That the installment method of land acquisition be used in addition to lump-sum purchase payments; and, be it

FURTHER RESOLVED, That the Department of the Interior give high priority in its land acquisition program to purchase of private property in the Cliff House area of the City and County of San Francisco which is of the utmost importance in the overall plan of the Golden Gate National Recreation Area; and, be it

FURTHER RESOLVED, That copies of this resolution be forwarded immediately to his Honor, the Mayor, for transmittal by him to the Federal Legislative Representative for dissemination by the latter to the President of the United States, San Francisco's representatives in Congress, to the Secretary of the Interior, and to all interested officials and agencies who may be instrumental in furthering the intent of this resolution.

FIXING THE DENOMINATION OF COINS TO BE DEPOSITED IN PARKING METERS AND THE PARKING TIME ALLOWED FOLLOWING DEPOSIT OF SUCH COINS, ESTABLISHING THE MAXIMUM LENGTH OF TIME VEHICLES MAY BE PARKED IN THE DOWNTOWN AREAS, APPROVING USE OF OFF-STREET PARKING FUNDS FOR PURCHASE OF REPLACEMENT AND NEW PARKING METERS SUBJECT TO CERTAIN ENUMERATED CONDITIONS.

WHEREAS, Section 203, Chapter XI of the San Francisco Municipal Code (Traffic Code) provides that the denomination of the coin or coins to be deposited in parking meters and the parking time allowed following deposit of such coins shall be fixed from time to time by resolution of the Board of Supervisors for the area or areas in which parking meters are now or may be installed, and

WHEREAS, the Director of Public Works has prepared and submitted a new rate schedule and time limits for a portion of the downtown parking meter areas of the City and County of San Francisco, and

WHEREAS, implementation of the new rate schedule will require acquisition of 4,575 replacement and 1,525 new parking meters at a cost of $280,000, and

WHEREAS, the Parking Authority has reviewed and approved said new rate schedule and time limits, and

WHEREAS, the Parking Authority has approved use of the Off-Street Parking Fund as the source of the $280,000 required for said acquisition, provided that the additional revenue to be derived from the new rate schedule as estimated by the Tax Collector shall first be used to reimburse said Fund in the sum of $280,000 and second, be used for the financing of small garages at scattered locations in the downtown area in order to provide the same convenience as on-street parking, and

WHEREAS, the provision of sufficient short-term, reasonably priced, centrally located parking spaces is essential to the maintenance of the economic health and viability of downtown San Francisco, and

WHEREAS, In recent years the trend in solving problems of our cities has moved toward the employment of professional study groups, the formation of special project organizations and regional government boards; and

WHEREAS, The membership on these special boards is often weighted with individuals who have limited time to devote as they are active in a variety of projects; and

WHEREAS, The best decisions which will affect the public are based on a firm understanding of the public's wishes and desires; and

WHEREAS, The most effective method of obtaining these sentiments of the citizenry is to ask for them directly; and

WHEREAS, The informed public is capable of participating in its own future and, indeed, has the right to do so; and

WHEREAS, Membership on these boards is appointive and not subject to a vote of the people; and

WHEREAS, The perpetuation of separation between decision-making bodies and the public can only serve to perpetuate distrust and frustration amongst the citizenry; how, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby assume the position that all intergovernmental bodies, decision-making boards, organizations and groups on which a member of our San Francisco Board of Supervisors sits shall provide a channel for public comment in the form of a citizens advisory committee; or in the case that a body is charged with the operation of an existing physical property, shall provide for regular public hearings to accept comment on the performance of that body; and, be it

MEMORIALIZING PRESIDENT RICHARD M. NIXON TO RECONSIDER HIS PROPOSED $160 MILLION BUDGET REDUCTION IN DISABILITY COMPENSATION PAYMENTS AWARDED TO WOUNDED AND INJURED VETERANS, AND CALLING UPON CONGRESS TO REJECT ANY SUCH PROPOSED REDUCTION.

WHEREAS, It has been reported that President Richard M. Nixon has proposed a $160 million budget reduction in disability compensation payments awarded to wounded and injured veterans; and

WHEREAS, More than 350,000 Vietnam veterans, including prisoners of war, will be affected by this budget reduction; and

WHEREAS, A large percentage of these veterans are amputees who anticipate reductions of up to 50% in their disability compensation payments, if the Veterans Administration is permitted to effectuate its plan; and

WHEREAS, Disability compensation awarded to veterans is not a "gratuity or hand-out" but a hard-earned entitlement for service and sacrifice to their country; and

WHEREAS, These war veterans laid their lives on the line in support of policies set down by their Commander-in-Chief; and

WHEREAS, Such a reduction is tantamount to the veteran's being told by his government that his sacrifice has less meaning now than in previous times; and

WHEREAS, A Vietnam veteran who presently draws 90% disability for leg amputation at the thigh will be eligible for only 40% disability, representing a loss of $169 monthly; and

WHEREAS, It is inconceivable that a grateful government can ever consider similar reductions in compensation benefits for many other disabilities, particularly when we are just now viewing the joyous return of prisoners of war from Vietnam; and

WHEREAS, Such reductions are proposed at a time the government is talking about spending a billion or more dollars in reparations to North Vietnam and the Viet Cong; now, therefore, be it

RESOLVED, That this Board of Supervisors, cognizant of the sacrifices of our fighting men in Vietnam and with strong feelings that this nation cannot abdicate principle and fair play at the expense of its wartime disabled men and that the wounded Vietnam veteran must never be relegated to the status of a welfare recipient, does hereby memorialize President Richard M. Nixon to reconsider his proposed $160 million budget reduction in disability compensation payments awarded to wounded and injured veterans; and, be it

FURTHER RESOLVED, That the Clerk of the Board be and he is hereby directed to forward copies of this resolution to his Honor, the Mayor, for transmission thereof to the Federal Legislative Representative for dissemination by him to the California delegation in Congress with the request that they take all action consonant with the intent of this resolution.

ISSUING A POLICY STATEMENT THAT REBUILDING THE MUNICIPAL RAILWAY SHALL BE A TOP PRIORITY IN FISCAL YEAR 1973-74 AND THAT THE DETERMINATION TO ACCOMPLISH THIS TASK SHALL INCLUDE COMPLEMENTARY MEASURES AND DECLARING INTENTION TO APPOINT A CITIZENS ADVISORY COMMITTEE TO MONITOR RECOMMENDATIONS FOR TRANSIT IMPROVEMENTS.

WHEREAS, The February 21, 1973 report on the operation of the Municipal Railway by the San Francisco Planning and Urban Renewal Association has brought into focus the enormous inefficiency of our present method of operating the Muni; and

WHEREAS, SPUR is to be commended on the outstanding job done in preparing this report; and

WHEREAS, A local transit system, so much a part of daily life in San Francisco, is the best single means of achieving an environment of tranquility of movement within our urban setting; and

WHEREAS, The SPUR report has correctly pointed out the two major attitude changes which will be required to implement an effective revitalization program; and

WHEREAS, These two changes are that our City and County cannot survive in its present state without a safe and effective, efficient public transit system and that the Muni is a public service of similar status with our schools and police protection; and

WHEREAS, The funding of SPUR's proposal will be the most difficult obstacle to overcome but is not impossible; and

WHEREAS, The effective implementation of this plan will require companion measure adopted on a systems approach to include better street lighting for safety, better police protection, and additional waiting benches; and

WHEREAS, The need for program budgeting in such a major undertaking is self-apparent; and

WHEREAS, Most San Franciscans would not mind paying the present fare if the service was excellent; and

WHEREAS, Monies collected from fares can be used to augment those spent from the General Fund to allow adequate funding at all times; and

WHEREAS, Serious attention to this critical area of urban life is long overdue; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby make it a policy of the Board that rebuilding the Municipal Railway shall be a top priority in fiscal year 1973-1974; and, be it

FURTHER RESOLVED, That a systems approach to these urgent improvements shall be adopted along the lines proposed in the February 21, 1973, report issued by SPUR; and, be it

FURTHER RESOLVED, That the aforesaid policies shall be expanded to include complementary measures such as additional police protection, improved lighting in public transit corridors, and additional waiting benches; and, be it

DECLARING THAT MUNICIPAL RAILWAY VEHICLES AND OTHER TRANSIT VEHICLES BE GIVEN PRIORITY OVER OTHER VEHICLES ON SAN FRANCISCO STREETS; THAT THE DEPARTMENT OF CITY PLANNING AND THE PUBLIC UTILITIES COMMISSION DEVELOP A PREFERENTIAL TRANSIT STREET SYSTEM WITHIN ~~THREE~~ SIX MONTHS; SUGGESTING METHODS OF EXPEDITING TRANSIT SERVICE ON DULY DESIGNATED "TRANSIT" STREETS.

WHEREAS, Public transit in San Francisco transports one third of the population daily, reduces traffic congestion and air pollution by reducing the need for private automobiles; and

WHEREAS, Increased speed and regular frequency of transit service serves to encourage greater use of public transit, which in turn reduces traffic congestion and air pollution and may well increase farebox revenues; and

WHEREAS, The chief factor reducing transit speed is transit vehicle competition with underoccupied private automobiles and other preemptions of space on publicly owned and maintained city streets; and

WHEREAS, Establishing public transit priority over the private vehicle would discourage automobile use and thus encourage greater use of transit; and

WHEREAS, Streets of critical location in the City and County of San Francisco are vital traffic corridors, used by thousands of transit riders daily; and

WHEREAS, It is on these critical streets that the transit system is most subject to delay by private automobile congestion and construction obstructions; and

WHEREAS, The ~~Improvement~~ Plan for Transportation, adopted by the City Planning Commission on April 27, 1972 states as a policy for mass transit: "Improve speed of transit travel and frequency of service by giving priority to transit vehicles on designated streets": and contains within it a Transit Preferential Streets Plan (attached hereto); and

WHEREAS, Certain traffic engineering techniques such as creation and enforcement of exclusive transit lanes, synchronization of traffic signals to transit speed, extension of bus stop curbs out to the travelled transit lane, and the use of signal preempt devices would improve the speed of transit travel; now, therefore be it

RESOLVED, That it shall be the official policy of the City and County of San Francisco that Municipal Railway vehicles and the vehicles of other transit systems will be given priority over all other uses, except for fire, police and safety purposes, on designated "transit streets"; and be it

FURTHER RESOLVED, That all City agencies, in resolving conflicts between public transit and other uses of City streets, are hereby directed to resolve them in favor of public transit; and be it

FURTHER RESOLVED, That the Department of City Planning, Public Utilities Commission and the in cooperation with the/Department of Public Works, is hereby requested to develop a complete system of transit preferential six streets, to be completed within ~~three~~ months of this date; the Department of Public Works and the Department of City Planning are further directed to use the Transit Preferential Streets Plan contained in the ~~Improvement~~ Plan for Transportation as the basis for devising a specific detailed and complete transit streets system, together with a schedule and financing plan for implementing the system. After preparation, the City Planning Commission shall review the transit preferential plan and, with modifications it deems necessary, shall recommend such plan to the Board of Supervisors for adoption by resolution; and be it

FURTHER RESOLVED, That the Department of City Planning and the Department of Public Works shall include in this plan the following method of

expediting transit service on the designated streets:

1. Creation of exclusive bus lanes.

2. Restriction of automobiles from street car and cable car tracks.

3. Restriction of automobile turning movements which conflict with transit vehicles.

4. Synchronization of traffic signals to the speed of transit vehicles rather than automobiles, and possible use of preemptive signal devices.

5. Prompt clearance of tow-away lanes, giving priority to transit streets over non-transit streets.

6. Unfailingly strict enforcement of regulations against double-parking on transit streets.

7. Assignment of traffic patrolmen routes and intersections important to the expedition of transit flow.

8. Extension of bus stop curbs into the street so that buses may pick up passengers without having to leave the traveled lane.

PETITIONING FEDERAL AND STATE AUTHORITIES TO INITIATE A PROGRAM DESIGNED TO AFFORD IMMEDIATE RELIEF TO CONSUMERS FROM SHARPLY RISING MEAT PRICES, AND URGING SAN FRANCISCO CITIZENS TO RESTRICT THEIR PURCHASES OF MEAT UNTIL PRICES ARE DECREASED.

WHEREAS, San Franciscans, in concert with others throughout the nation, have noted with concern and alarm the serious economic inroads which continue to be made with frequency and sharp impact on household budgets by skyrocketing meat prices; and

WHEREAS, Representatives of the meat packing and purveying industries have attributed at least a part of the meteoric rise in meat prices to a shortage in the supply of acceptable stock, calling for the imposition of measures which will result in an easing of the pressure on a short supply market and thus promote more acceptable pricing in the immediate future; and

WHEREAS, This Board of Supervisors, for and on behalf of the people of the City and County of San Francisco, fully recognizes the commodity price structure problem which is depleting consumers' pocketbooks, and believes that legislative and executive action on the Federal level can be taken to afford relief to consumers by a restoration of normal marketing and pricing conditions; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby petition the President of the United States, acting in concert with the United States Congress, to initiate action which will impose a temporary 120-day restriction on the quantity of all types of meat exports, effective April 1, 1973 and reduce meat purchases by Federal agencies during the same period, with due regard to contractual commitments; and be it

FURTHER RESOLVED, That the Governor of the State of California and the California State Legislature be and they are hereby petitioned to take action similar to that urged herein of the Federal meat-purchasing agencies; and, be it

FURTHER RESOLVED, That the Mayor and the Chief Administrative Officer of the City and County of San Francisco be and they are hereby urged to effectuate similar action with regard to meat-purchasing departments under their respective jurisdiction; and be it

FURTHER RESOLVED, That residents of the City and County of San Francisco also are urged to restrict their purchases of meat and utilize suitable substitute foods until such time as meat prices are decreased to some reasonable level; and, be it

FURTHER RESOLVED, That copies of this resolution be transmitted immediately to the President, the Congress, the Governor, the California State Legislature, the President's Consumer Advisor, the Mayor, the Chief Administrative Officer, the Federal Legislative Representative, the State Legislative Advocate and, through the latter two officials, to all other Federal and State agencies and officers who may be involved in any program to effectuate the intent of this resolution.
